## About Us

Our story is a simple one. It began with a farmer from Houston, Minnesota, who realized an opportunity. He shared his thoughts with neighbors and friends. Soon a group of others joined in his vision to harvest sand. He obtained leases from those interested in being part of the vision. That group became Minnesota Sand, LLC in March of 2012. As time went on, a project called Farm2Rail became available to purchase. This group of gentlemen gathered their resources and purchased the Farm2Rail rail siding in July of 2012. At that time, the group became known as Minnesota Proppant, LLC.

Today, Minnesota Proppant, LLC consists of 8 owners from the Minnesota Towns of Houston, Spring Valley, Chatfield, Winona and Eau Claire in Wisconsin. They come from varied backgrounds and occupations, but unified to fulfill this single goal.

 Gunnar Hagen, Eau Claire, WI
